There are 10 versions of VBA Password Recovery Lastic found. The latest version is 0. The latest version is 0. See More Details. A: From what I can tell it is not possible to recover the VBA Password. If you press Ctrl+Shift+Del on any document in your solution and press 'Open password protected document' you can see a screen similar to the one below. If you press the tab here and go down to the properties of the password you will see the encrypted value in the field 'Hex Key'. However I am not sure how to decrypt that value. If you have any code that uses the password to perform functions on the document itself I would suggest you create a new version of the project and use a new password for it. I assume you have to have Admin rights to your pc to make the change. In terms of my personal experience with this (I have seen this screen a couple of times) the password is 'AS!' for the document I was looking at, however there may be others. 1948 BYU Cougars football team The 1948 BYU Cougars football team represented Brigham Young University during the 1948 college football season. The Cougars were led by fourth-year head coach LaVell Edwards, and played their home games at Cougar Stadium in Provo, Utah. BYU finished the season with an overall record of 4–3–2 and with a record of 4–1–1 against conference opponents.
